HOUSE.

WASHINGTON, Feb. 3.—The California delegation in the House is trying to reach an agreement as to an extra judgeship for the Northern district of California.

Bills have been introduced by Representatives Gillette and Needham for dividing the district and appointing a new Judge, while Representative Metcalf has a bill for a new Judge, without making a change in the district.

The members of the Judiciary Committee are inclined to favor an additional Judge, but not to divide the district, and judging from the action taken in relation to other States, it will probably be the case before long that a new district in California is being created.

# MEETING OF TOWN TRUSTEES.

EMERYVILLE. February 3.—The Board of Town Trustees met in regular session on Monday.

ed quite a bit of routine business. The first matter of importance was the ordinance making it a misdemeanor for anyone to be on the streets in an intoxicated condition. The ordinance was introduced and read for the first time and was passed by the council on Monday evening. It was placed on its final passage and adopted as read. The ordinance which went into effect at the request of Marshal Land will be strictly enforced and it will do much to keep the streets of this city clean and quiet. It provides a severe punishment at the discretion of the judge. Heretofore the town has been without such laws and "drunks" could hold full sway if they chose.

**WATER REPORT READ.**

The report of the Contra Costa Water Company's board of directors was referred to the committee of the whole which will meet on Friday evening at 8 o'clock. At that time it will be considered thoroughly.

**WANTS FREE LICENSE.**

J. J. Kowalsky, an old soldier, petitioned the Trustees for a free license to peddle fruits and vegetables in the town of Emeryville. He set forth in his petition that he was unable to make his living as a peddler because of the wounds received in the Civil war; and asked that he be allowed to sell his goods without tax. The matter was referred to the license committee.

OAKLAND TRIBUNE William E. Dargie, President.

WILLIAM C. WHITNEY. The death of William C. Whitney recalls the high water mark of the Democratic renaissance. After being out of power for a quarter of a century and more or less under ban for encouraging disunion and the extension of slavery, the Democratic party again came into the control of the government with Cleveland as President. The Administration was clean, able and conservative. Whitney was Secretary of the Navy and probably the closest member of the Cabinet personally to the Executive. He devoted himself to reconstructing the navy on modern lines so effectively that he became known as "The father of the new navy." His masterly political strategy made Cleveland President a second time in 1892, but Whitney declined all political honors for himself. He would take nothing at the hands of the Administration he had done more than any one else to create, but devoted himself to his vast corporation enterprises and his horse breeding establishment. Had he been elected President in 1892, instead of Cleveland, he would probably have found a way to avoid the shoals on which the Administration was wrecked for he was a man of wonderful tact and astuteness. His great wealth did not bring him the popular dislike that usually comes to those who amass vast fortunes. As a public officer, his conduct was always above suspicion. The modern Democracy has had no finer representative than Mr. Whitney.

The San Francisco Chronicle says: "The smell of rotten vegetables and decaying fish, of poultry and other farm and dairy produce, still offends the nostrils of all transbay travelers at the ferry landing, as the Harbor Commission has not yet responded to the appeal of the Oakland Merchants' Exchange and other organizations to cease employing the passenger ferries and building for freight purposes." San Francisco is quite as much interested in this matter as Oakland. Indeed, the entire traveling public is interested. In some way the smells now encountered in going on and off the boats at the ferry depot should be obviated. A passenger depot is no place for handling evil-smelling freight. The ferry building was never intended for freight purposes or for the accommodation of express companies. It was built solely as a convenience to the traveling public.

MRS. MAYBRICK'S CASE. Mrs. Maybrick's case is an apt illustration of the lack of discrimination in popular feeling. If the woman has not already been released it is clear that the British government in preparing to release her quietly. This is taken to be a compliment to the American people, and in this country there is the liveliest feeling of sympathy for the woman. Mrs. Maybrick is no credit to her country folk. She was an unchaste wife, and her conduct in general prior to her conviction for murder was no such as to entitle her to any particular measure of respect. She was convicted of poisoning her husband. If she committed that deed she should not be set at liberty. If she did not, her release is only an act of tardy justice. If she was unjustly convicted, she is entitled to sympathy for the sufferings she has undergone. But it should be borne in mind that she would never have been convicted had she not sustained meretricious relations with another man after she had induced her husband to make a will giving her his estate. Her own unchastity furnished the motive for the crime for which she was punished. The trial may have been unfair—apparently it was—the Judge may have been prejudiced and unbalanced—as is alleged—and the woman may have been persecuted by relatives of her husband who desired to wrest from her the estate; nevertheless, the fact stands clearly out that Mrs. Maybrick brought punishment on herself by her own wrongdoing as a wife and a mother. Had her conduct as a wife been free from reproach, she would never have been charged with uxori-icide.

Whatever may be said of the system as a promoter of temperance, the South Carolina Dispensary law, which makes the sale of liquor a State monopoly, is a fiscal success. Last year the net profits to the State amounted to \$512,000 of which \$190,000 went to the school fund. The remainder was divided among various funds, a part going to the State University. The financial side of the question is probably what makes the law popular—for it is popular notwithstanding the frequent attacks made on it, and is in no danger of being repealed. The Fresno Republican has a "funny column." It is a very funny column indeed. It is signed "The Janitor." A perusal of it leads to the conclusion that the editor of the column is more likely to shine as a janitor than as a humorist. It cannot be denied, how-

GOLDEN JUBILEE OF THE Y. M. C. A.

Banquet Held in Masonic Temple—Review of the Local Organization.

The Silver Jubilee banquet of the Young Men's Christian Association which was held in the Masonic Temple last night was a large success. THE PRESIDENT'S REPORT. President D. Edward Collins gave a history of the organization as follows: "In California any existing institution which has a history extending over a period of twenty-five years or more has a claim upon public attention. This is the quarter centennial of the Young Men's Christian Association of Oakland. In 1878 Oakland was a small, unorganized city. It is true it thrived under the shadow of a great and growing university and it was even then noted for its schools, churches and homes. At this time a few young men had become interested in the Christian mission which was struggling for existence in San Francisco and which was kindling public interests by the enthusiasm of its youth and the novelty and attractiveness of its Christian thought. In the East the Young Men's Christian Association had already in a large measure become the arena for the social and moral training of those who were added into the church of God. And now these young men with the hope of establishing such an institution in Oakland gathered at the First Presbyterian Church on June 25, 1878, and subsequently on July 31, 1879, organized themselves into a Young Men's Christian Association with only twelve charter members. It was not till November 20, 1879, that rooms were rented at 1544 Washington street, and Mr. S. J. Merrill became the volunteer secretary. A. A. Dewing was the first president and was succeeded by T. S. Page, who served until June 28, 1880. Then S. J. Merrill, who had served as faithful secretary, became president. Under his direction the Association moved to Medical Hall on Clay street, August 13, 1880. FIRST SECRETARY. In the early part of 1881 W. H. Hough was chosen secretary at a small salary and in July of that year the Association moved into the rooms of the Masonic Temple, now occupied by the office of the Bankers' Trust Company. There were here and there evidences of growth; the public had become interested and the anniversary meeting in January, 1882, was largely attended; indeed, the First Methodist Church was crowded and the address of the president was listened to with marked attention. This meeting marked a new era in the history of the Oakland work; for with the election of Dr. C. S. Bane, president, and Ezra S. Fowler, secretary, it almost immediately assumed proportions and a more commodious apartment was secured at 855 Broadway in March of that year. With little experience of Association methods on the part of anyone connected with the management there came a serious struggle for existence. A mission Sunday School and popular, but profitless entertainments, failed to secure recognition. However, the secretary had great energy and by a persistent optimism attracted not a few loyal followers. A small parlor, reading room and a hall which served as a gymnasium, for lectures, once for a gymnasium, and for for Sunday afternoon meetings and for the Sunday School were the Association quarters at this date. The secretary began the publication of a bulletin which has continued ever since. OLD DIRECTORS. "In January, 1883, J. M. Buffington was elected president and a board of directors was organized. The support of all of those who rendered valuable service in these early days only the following six remain in the official ranks today: George T. Hawley, C. E. Merritt, M. T. Holcomb, S. J. Alexander, J. C. Howard and D. Edward Collins. The Cary Howard and D. Edward Collins were found to prove a serious obstacle to the work of the Association. The association was steadily growing; its following was larger and its influence more extended. Mr. D. C. Bane, who had been president, was elected to fill the vacancy. Very soon afterwards a canvass was undertaken to raise money for the purchase of the site upon which the present Association building stands and was successful in 1887. To cure some of the defects in the articles of incorporation and the constitution and by-laws were thoroughly revised in August, 1888, and the following gentlemen were named as trustees: E. S. Finch, J. V. Bailey, Judge E. M. Gibson, George J. Ainsworth, D. Edward Collins, and the following officers were elected: Honorary president, J. M. Buffington; president, D. Edward Collins; first vice president, Charles G. Reed; second vice president, S. J. Alexander; treasurer, C. E. Merritt; recording secretary, Cary Howard. With these officers and with a building committee consisting of George T. Hawley, S. J. Alexander, Philip Bartlett, E. W. Playter and D. Edward Collins, the Association has since that time prospered and successfully completed. CORNER-STONE. "May 3, 1889, the corner-stone was laid with appropriate ceremonies and on May 1, 1890, the doors of the present building were thrown open to the public. For the Young Men's Christian Association in this city it was an eventful day and marked the beginning of a new epoch in its history. For nearly two years more Captain Bray labored to establish and organize the work and enjoyed a modicum of success. Unfortunately for the association, however, some of our large subscriptions were never paid and the consequent burden of debt was never lifted. This burden was intensified by the following business depression which marked the early nineties and continued until after 1897. No withstanding this fact the various departments of the work were maintained and a large membership was secured. J. S. Watson succeeded Captain Bray in January, 1890, and yielded the secretaryship to Mr. H. J. Jones on August 9, 1894. During the next five years under his experienced leadership the character of the work was improved and the membership largely increased. It was at this time discovered that the building was unsuited for a large membership and ill-adapted to a successful combination of the needs of the work and revenue. To modify it economically seemed impossible and the only apparent alternative was to sell and secure a new site and building. At this juncture the secretary was called to Hartford, Conn., where he is still carrying on a successful work for young men. Without a competent leader the succeeding two years were years of real trial and hardship. With the determination to do a larger and more modern work unhampered by discouragement and debt the services of the present secretary, W. A. Kling, were secured and tonight in the celebration of the jubilee and of a new era for association work in Oakland."

Other numbers on the program were: Reminiscences by J. C. McLean, J. B. Richardson and W. J. McCoy. "The Business Men's Opportunity for Service," G. N. Bloomer, Taylor, N. C. # NO ALTERNATIVE SENDS A DEF TO WASHINGTON.

HOME RULERS OF IRELAND WANT NO HALF-WAY MEASURES.

LONDON, February 3.—For the Irish party there is no such thing as an alternative policy to Home Rule, declared John Redmond, the leader of the Irish parliamentary party in the House of Commons today, as he summed up the address in reply to the speech from the throne. Mr. Redmond proceeded to detail the various grievances of Ireland, incidentally informing the Liberals that it was a delusion to suppose they could count on Irish support for promoting an alternative policy to Home Rule. Because the Irish obtained an act last year remedying some of the evils of past governments, some persons seemed to think that the Irish question was shelved but no concession could be made for self-government. On the contrary, every concession they had obtained or might obtain would be used for the furtherance of the contest for Home Rule. The Irish would rather govern themselves badly than be governed well by another nation. Mr. Redmond bitterly attacked the Government's policy of education in Ireland, describing it as grossly absurd and irreparably harmful to the youth of Ireland. The Government's course on the Irish University question, he added, was a grievance that poisoned the life of Ireland and condemned it to failure in the struggle of nations.

## MILLIONAIRE'S TRIAL.

FULTON, Mo., February 3.—In the trial of Colonel Edward Butler, the millionaire politician of St. Louis, charged with bribing members of the House of Delegates of the State of Missouri, formerly a member of the House of Delegates and agent for the alleged combine that sought the passage of a city lighting bill, was the principal witness today. Murrell was among those indicted. He went to Mexico to get evidence to return to St. Louis and turn State's evidence. Murrell told of the formation of the House of Delegates combine, of their meetings, the various propensities regarding the lighting bill and the attitude of the "Boys" toward the legislation.

WASHINGTON, Feb. 3.—Senator Hanna is reported better today, though he is still to have had a poor night's sleep. He is now able to sit up in bed, but still feels weak. He is still unable to walk and is being attended to by his personal physician.

## CONSULAR BILL.

WASHINGTON, February 3.—The diplomatic and consular appropriation bill was taken up for consideration in the House today. Mr. Lacey of Iowa was made chairman of the committee of the whole for the consideration of the bill. Mr. Lacey's committee had read a lengthy petition signed by many of the professors of Yale College and others, commending President Roosevelt's Panama policy. He did this in view of the recent statement in the House by Mr. Sperry that this petition was taken because the Thai petition did not represent the real sentiment of Yale College.

# NEW BUILDING FOR YOUNG MEN'S CHRISTIAN ASSOCIATION

Suggested plans for the proposed new building of the Y. M. C. A. to be erected at the northwest corner of Fourteenth and Jefferson streets, are now on inspection in the rooms of the association, having come from Albany, New York, where they were prepared by association architects. They are accompanied by the floor-plans. Both the exterior and interior designs will be subjected to consideration for some time before being finally accepted by the Board of Directors, and it is not likely that they will be accepted without some changes, possibly of a radical character. The estimated cost of the structure is \$150,000. Of this amount \$100,000 has already been provided. The building will be seven stories high and will be of brick with some stucco. The ground floor will be occupied by a store with the exception of a store 26 x 47 feet, assigned for the storage of bicycles, and an adjoining repair room, 21 x 32 feet. This entrance to the association rooms is 12 feet wide. At the extreme eastern frontage on Fourteenth street is a lobby for the assembly hall above. It is 18x20 feet in size and is equipped with ticket office and wide stairways. In the basement is a swimming pool, 16x46 feet, dressing rooms and lockers together with Turkish baths, massage rooms, hot and warm drying rooms and other conveniences. Four bowling alleys occupy a space 26x55 feet. A hallway runs through the middle of the basement and on the eastern side are the engine, boiler, fuel and storage rooms. A private elevator runs from the swimming pool to the gymnasium on the third floor and a public elevator through the main hallway from the basement to the roof garden. There is an assembly hall 57x88 on the first floor above the street level, which will have a capacity of 700 persons with a gallery of 400 more. Still another hall will have a capacity of 200 people. On this floor will also be the offices of the association. On this floor, also, facing on Jefferson street, will be the library and members' room and a ladies' parlor. The second floor will contain the billiard room and gymnasium. On the third floor, the gymnasium will also have a space 66x84 feet on the Jefferson street side and run up three floors. On the fourth floor level is a running track and gallery, making twenty-three feet to the individual rooms for members of the association who desire to run upstairs in the building. There will be a roof garden and cafe on the fourth floor. The gymnasium on the third, fourth and fifth floors, is given over to the individual rooms for members of the association who desire to run upstairs in the building. There will be a roof garden and cafe on the fourth floor. ## E. E. HUNT TAKEN BY DEATH.

COLLECTOR C. C. W. CO. PASSES AWAY AT EARLY HOUR THIS MORNING.

After an illness of several weeks, Ernest Edward Hunt, one of the members of the collecting force of the Central Pacific Water Company, passed away at 2 o'clock this morning at his home, Fruitvale avenue, near 30th street. Death was occasioned by pneumonia of the lungs, aggravated by pneumonia of the heart. Mr. Hunt was 41 years of age, was married and the father of seven children, the oldest of whom is 18 years of age. The deceased had resided here for a number of years and it was here that he was married. For about 21 years he had been employed by the Central Pacific Water Company. He was a member of the fraternal orders of O. E. S. and Woodmen of the World. The date of the funeral has not yet been decided, upon it will depend upon information from relatives of the deceased as to what day is most convenient.

## PARKER CAPTURED.

LOS ANGELES, February 3.—Edward Parker, who, on January 13th, leaped from a rapidly moving train in the Tehachapi mountains and escaped while being conveyed from here to the State Penitentiary at Folsom to serve a two years' sentence for the larceny of a bicycle, has been recaptured by the local officers. He was found working in a restaurant and submitted eagerly to arrest. Parker was leg ironed at the time of his escape, but would not tell how he managed to rid himself of this encumbrance, or how he contrived to elude the officers in their pursuit.

## CONTESTS DIVORCE.

Llewellyn J. Brown, who in the contestation period at Porto Rico had charge of registration there, has today filed an answer to an action for divorce brought by Hattie B. Brown, who charges him with adultery and bigamy. He denies that he is guilty of either offense and asks for a decree of divorce on the ground of her adultery and bigamy. Brown is at present a lawyer at Brunswick, Ga., and has entrusted his affairs to Albert J. Johnson of this city. Mrs. Brown has retained Henry J. McKee of San Francisco as her attorney.

## WOMEN OF TODAY.

BERKELEY, Feb. 3.—That the ancient women of Greece were very similar to the women of today, was the declaration made by Professor Leon J. Richardson this morning before one of his classes. He declared that the women of Greece were not to be thought of as statues of marble, but as people who lived and moved and acted as people very much in the same manner as the women of today regard football players and athletes.

# BOARD RECORDS RELEASE SCHOOL LAND.

## Business Block Will Occupy Site on Center Street—After Truant Children.

BERKELEY, February 3.—After several successive Boards of Education had given consideration to the question of the disposition of the school property on Center street, the School Directors, at the regular meeting last night, accepted the offer of Mrs. Flora Thomas to lease the land for a term of ten years at a rental of \$1200 a year. It is stipulated in the contract that the lessee shall pay \$400 toward the removal of the Commercial school building from Center street to Allston way and stand the cost of street work and sidewalk repair. It is the intention of Mrs. Thomas, who was represented before the Board by her son, Charles E. Thomas, to erect a business block on the property, which has a frontage of 182 feet and a depth of 100 feet.

## CHILDREN PLAY TRUANT.

Director Donohue declared that he had ascertained that a large number of children are remaining out of school, and the suggestion was made during the discussion which followed the report that a trust officer be appointed. Action on the matter was laid over, however, until the next meeting of the Board.

## SCHOOL CONCENTRATION.

City Superintendent of School Waterman presented a report which showed that if a number of small schools were abandoned and the pupils sent to larger schools at least \$5000 could be saved annually by the department. Exception to the suggestion for concentration was taken by Directors Donohue and Schmidt, who represent West Berkeley, where the largest number of small schools exist. The report was received and filed.

## CORPORAL PUNISHMENT.

Director Knowles called attention to the fact that the Committee on Rules had made no recommendation for the regulation of corporal punishment in the schools, as directed to do at a previous meeting. The committee promised to have a rule covering the question for submission at the next meeting of the Board.

## HIS WIFE HAS NOT RETURNED.

No clew has been found by J. A. Haskins of the Oakland Wire Depot at Twenty-third avenue Station, to the whereabouts of his wife, who left him one week ago last Monday and who is now supposed to be in San Francisco. The husband has almost come to the conclusion that his wife has deserted him. He has been looking for her everywhere in the city and has received no news of her. His wife's maiden name was Annie Haskins. Her first husband was Frank Shore, who is now a resident of Berkeley. She left her husband and a little more than a year ago, secured a divorce from him on the ground of desertion. Haskins, the second husband, was married to the woman on April 17 of last year, in Napa, at which time he was in the saloon business in St. Helena.

**STREIB SIGNED BY LOHMAN.**  
CRACK FIRST BASEMEN WILL BE IN OAKLAND UNIFORM.

Manager Pete Lohman has signed a first baseman for the season of 1904 who is dear to the hearts of the local fans and who will prove a tower of strength to the Oakland team. That man is John Streib, who covered the infield sack for the champion Oakland team in 1902. With the signing of Streib, Lohman has secured all but one of the famous star-wall infield that helped to land the pennant for this city.

The make-up of the infield, as it now stands, is as follows: First base, Streib; third base, Devereaux; shortstop, Franks. This leaves Lohman the task of getting a second baseman to fill the vacancy caused by Kibb's departure and which has never been filled to the satisfaction of the fans since Kibb left. Lohman is beyond the reach of the season of 1904. The players that are already signed are known to be good ball players. They have been tried and have not been found wanting.

While no papers have been signed as yet, there is a belief that Schmidt, the clever pitcher of the 1902 team, will be seen in an Oakland uniform this season. The return of Schmidt to the local fold would fill the fans' cup of joy to overflowing. With Streib, Devereaux, Franks, Graham and a good heavy hitting outfield, Oakland will have a team to be proud of and the fans will be able to "boost" for all they are worth.

ARABO WINS HANDICAP AT INGLESIDE — BASEBALL MEN REACH AGREEMENT.

## SPORTING NEWS

NEWS FROM THE PRIZE RING — STREIB SIGNED BY LOHMAN — GOSSIP OF THE TURF.

### MAGNATES REACH SETTLEMENT.

PACIFIC COAST LEAGUE WILL JOIN THE BASEBALL TRUST.

Last night the big chiefs of the Eastern baseball world met with the big chiefs of the Pacific Coast League in a pow-wow and before they adjourned, all had smoked the pipe of peace and at the same time signed the warrant of high salaries for baseball players. Terms were made, that were satisfactory all around, and the Coast League is to join hands with the baseball trust.

Those who participated in the conference were Ben Johnson, president of the American League, James A. Hargreaves, representing the National Association of Minor Leagues, Ned Hanlon, manager of the Brooklyn team and representing the National League, James Morley, manager of the Los Angeles team, Henry Harris, manager of the San Francisco team, and Eugene F. Bert, president of the Pacific Coast League.

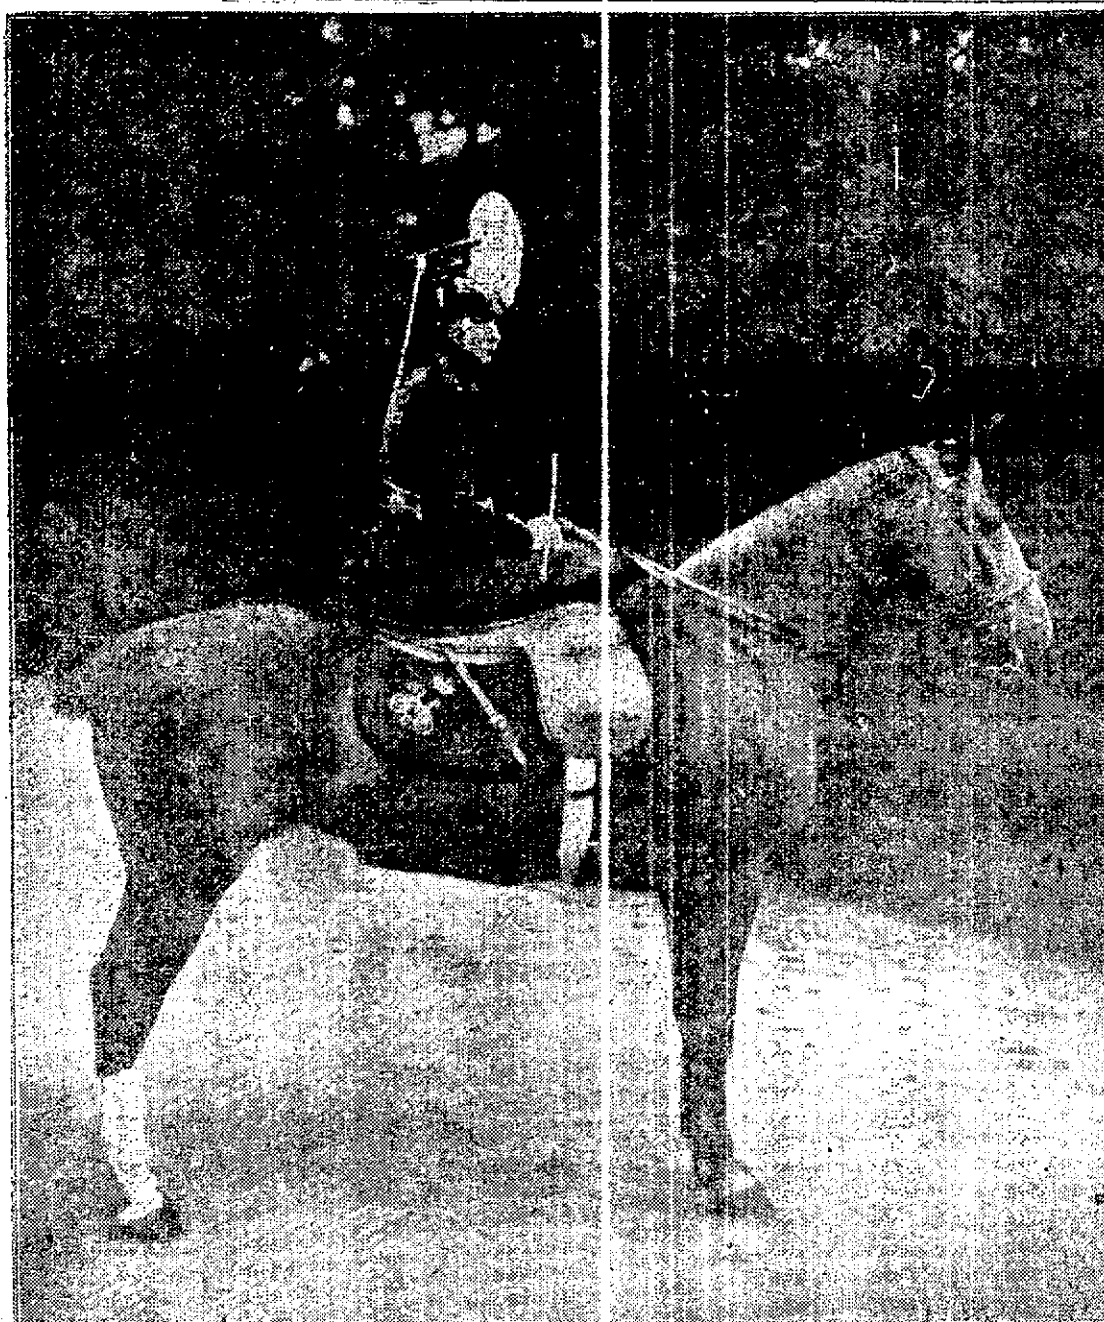

No documents were signed and nothing definite was agreed upon but nevertheless a truce has been arranged until February 20th when a definite agreement will be reached.

As a price of peace the big men of the game admitted the Pacific Coast League into a class by itself—a class at the same time unique and unprecedented. The Coast League is to fill into a niche carved for it midway between the minor leagues and the major leagues. This intermediary position places them above Class A of the Minor Leagues' Association and permits them to draft players from such staunch organizations as the American Association and the Western League.

This biggest concession made by the visitors had its disadvantages, in that it places the Coast League in a class lower than the major leagues and allows them to draft its players. Thus the two met each other half way and managed to partake of a love feast after a long siege of warfare. The striking of the present truce means that from now until the 20th of this month the Coast League will respect Eastern contracts, and also that the angels on the other side of the continent will have nothing but the deepest regard for documents signed here.

There were two stumbling blocks to the establishment yesterday of a permanent truce. The first was that Ned Hanlon, who represented the National Association of Minor Leagues, was not empowered to act for that organization and did not have with him a list of the men already signed. The other obstacle arose from the fact that there are some eighteen players who might be signed with both the Coast League and with leagues already in the national agreement. This list of players will have to be made out and the individuals apportioned before proceedings can go further. The next step will be for Hanlon to secure the consent of the Minor Leagues' Association, which may not be at all an easy matter. By February 20th, it is promised, both these preliminary arrangements will be made.

Although Hanlon did not have with him his list of signed men, it is likely the eighteen men who are supposed to be signed with two organizations are included in the following sixteen players: Los Angeles, Dillon, Flood, Fleming, Massey, Waldron, Marshall, Seattle, Blankenship, Frisk, Delehanty, Portland, Nadeau, Beck, Castro, Oakland, Sheafly, Schmidt, Ganley, Clancy; San Francisco, Yerkes, Jones.

### TIDAL WAVE.

RUSSIA, France, February 3.—A tidal wave swept the coast of Pomerania, the department of Pomerania, last night. One third of the coastline of Pomerania is under water, many houses have been wrecked and some of the occupants were drowned. An immense amount of damage was done. The people living near the shore were obliged to flee from their houses.

### BIG STEAMER IS OVERDUE.

NEW YORK, February 3.—The North German Lloyd steamer Kaiser Wilhelm der Grosse, which sailed from Southampton and Cherbourg January 27, had not been reported from Nantucket. It is up to 10 o'clock today to have reached her last record the steamer was due to reach Sandy Hook lightship at 6:20 a. m. yesterday. No anxiety is felt regarding her safety, as she is no doubt encountering heavy weather reported by other steamers which have arrived during the past week or more.

### EASTERN WEATHER.

CHICAGO, February 3.—Temperatures at 7 a. m.: New York, Washington, 16; Boston, 14; Philadelphia, 18; Chicago, 12; Minneapolis, 8; Cincinnati, 8; St. Louis, 12.

## SEE GOES TO SLEEP AND ARABO WINS.

Speculative Public Fared Badly With the Bookies at Ingleside Yesterday Afternoon.

The principal feature of the racing at Ingleside track yesterday afternoon was the handicap at six furlongs, which was the fourth in the program for decision. In this race Arabo, the Jennings' entry, scored a lucky win. As the race was run, Corleworth was easily the best and should have won, but his jockey, See, had an attack of over-confidence coming down the stretch and allowed Corleworth to run as he pleased. The result was that Martin, on Arabo, caught him in the stretch and passed him before See could shake the "bird" up. Burns had the mount on Schwaltz and rode his usual poor race.

The opening race of the day was a sprint over the future course for maiden three-year-olds and brought out eleven starters. The speculative public liked the chances of Solanus and backed the colt from 2 to 1 to 1 to 5. Solanus proved to be the class of the race and, after being outstripped the first part, came with a rush at the finish and beat Gene Hardin out by a full length for first money. Red Bird was third, four lengths behind.

Optimo and Lady Wadsworth were made equal choices in the second event at 9 to 2. Marella also closed at the same price, but neither of them had the luck of Albemarle, who won at the good price of 13 to 2. Optimo beat Lady Wadsworth for place by lengths. The latter was badly interfered with during her larger part of the journey.

Carlee was selected by the public to win the third event and they backed the 3 to 1 favorite. Sheehan, and in a driving finish beat out Mr. Dingle by half a length. The favorite was third. The fifth race found Crispie Jim established from 2 to 1 favorite, but he never had a chance. Ebony was the best and got a splendid ride from Hildebrand. His closing price was 14 to 5. Flo Manola ran a good race and finished second, three lengths ahead of Crispie.

The last race of the day was won by Minto, although Aca 1 looked to be pounds the best. Ad N opened at even money but receded to 3 to 2 by post time. She was given a very poor ride by Hansen and finished an indifferent second, where she should have been first by three good lengths. Minto to two was the price laid against Minto and the horse came in for considerable support at that price. He finished a 40 to 1 shot, finished third. The books laid 7 to 1 against his chances to show.

Following were the results: First race, futurity course—Solanus (Martin), 9 to 1, won; Gene Hardin (Eumms), 10 to 1, second; Red Bird (Jackson), third. Time, 1:12. Second race, seven furlongs—Albemarle (Hildebrand), 11 to 2, won; Optimo (Coley), 9 to 2, second; Lady Wadsworth (Martin), 9 to 2, third. Time, 1:27 1/2. Pure Dale, Harry Bek, Teufel, Helias, Mountebank, Canidate, Marella and Kubelik also ran. Adronck,

Lou Chlevedon and Nigar were scratched. Third race, one mile and seventy yards—J. W. Trahern (Sheehan), 9 to 2, won; M. Dingle (See), 12 to 1, second; Cardie (Hildebrand), 13 to 1, third. Time, 1:46. Isabella, Polonus, Emily Oliver, El Phil, Norford, The Ledeen, Tamm, Sweeney and Elmer L also ran. Outburst and Tonough were scratched. Fourth race, six furlongs—Arabo (Martin), 8 to 5, won; Kentworth (See), 5 to 1, second; Schwaltz (Barua), 8 to 1, third. Time, 1:13 1/4. Anandus and O'Hagen also ran. Fifth race, seven furlongs—Ebony (Hildebrand), 14 to 5, won; Flo Manola (W. Day), 13 to 1, second; Crispie Jim (Larsen), 2 to 1, third. Time, 1:28. Planet, Keogh and Instructor also ran. Sixth race, one mile—Mimo (O'Hphant), 9 to 2, won; Ada N (Larsen), 3 to 2, second; Chilene (Crossthaite), 60 to 1, third. Time, 1:42 1/4. Arthur Ray, Kichumbob, Lapidas and Gwaline also ran.

### NOTES OF THE TRACK.

Several Burns handicap candidates were worked yesterday. Onsmann covered the handicap distance in 2:10, the fastest time in 12 1/2 seconds. Falschmidt ran a surprising good trial, stepping the distance in 2:06 3/4. Proper worked nicely in 2:08 1/4. Arcade in 2:09 1/2. Sarcodus in 2:09 1/2. Agregor was sent the distance in 2:12.

The remarkable proportion of handicaps won by the Jennings stable has caused considerable comment among owners and trainers. There is no doubt that Jennings has a stable of good horses, but Handicapper Letcher has been slow in realizing this fact. Handicaps after handicaps have been won by the Jennings stable. It is about time that some other owner was given a chance to win a race or two. Mr. Letcher has doubtless endeavored to make an even adjustment but he has, unfortunately had too little regard for the ability of horses in Jennings' stable.

Prince Brutus has been coughing for the past week, which explains his absence in the two-year-old races. Charley Ellison has telegraphed John Sehorn to sign Burns to ride for his stable this summer. Willie Knapp made his reappearance here yesterday. He will ride Fossil in the Burns handicap. Bullman is under engagement to ride Agregor in the big race Saturday.

## CANS WINS FROM CANADIAN. WIN HIGH HONORS AT CHICAGO.

POLICE STOP BOUT IN TENTH ALAMEDA COUNTY POULTRY. ROUND—WARD ALL OUTCLASS ALL COM-PETITORS.

DETROIT, February 3.—Joe Gans, the lightweight champion, last night demonstrated his superiority over Mike Ward of Sarnia, Ont., the lightweight champion of Canada. In so decided a manner that the police stopped the bout at the expiration of two and one-half minutes of the fourth round. Ward was just able to stagger about the ring, and in one of the punches Gans had been thrown on his jaw would never put him out. Ward was so badly beaten that it took his seconds over an hour to thoroughly revive him after he was led to his corner. Both men were in splendid condition. Ward started the fight with a rush and landed effectively on Gans' stomach throughout the first round, in which the Canadian had slightly the better of it. In the second round Gans began to land on Ward's jaw, and from then until the fight was stopped the champion kept Ward's head bobbing back with his punches. Ward showed well in the last minute of the fifth round and neither man had a decided advantage during this period. Gans, however, had a decided lead from the sixth round to the end of the fight.

Ward tried in the fifth and sixth rounds, but he was out of sync with the champion in the next two. Gans, however, continued to show his superiority over the young Canadian, and in the eighth round Gans knocked Ward down with a terrible right swing on the jaw and almost put him out. Ward took the count and the bell saved him. He came up for the tenth round, and Gans punched him in the jaw almost at will.

## FIGHTERS RECEIVE CHALLENGES.

BETTING HAS BEGUN ON THE NEILL-DIXIE KID FIGHT.

The winner of the contest between Al Neill and the Dixie Kid will be besieged to death with all sorts of challenges from low and high class fighters from all over the coast, and as far back as Chicago. Among the first to send in his defl was George Cole, the Philadelphia who is at present in Chicago, and then came messages from Mike Schreck, the Cincinnati middle weight, and Martin Duffy of Chicago. Young Gibbs of Salt Lake, Jerry McCarthy of Salt Lake, Kid Williams of Stockton and Frank Wells of Oxnard.

All of these men have read in the sporting columns of the different newspapers of the coming battle and they feel that there is a lot of importance attached to the affair that it would be an excellent opportunity if they are lucky enough to secure the match. This contest between San Francisco's most popular welter weight and the colored cyclone is exciting a great deal of interest and the affair promises to be about the best betting argument that has taken place in this State in some time. At Neill's business partner bet \$100 on him yesterday at even money. Sam McClinton took the Dixie Kid end. Several other smaller bets were also reported.

The four preliminary contestants, Spike Foley and Paul Crump, and Joe Kelly and Percy Hansen are all hard at work training for their bout. The bout between Kelly and Hagan has attracted a good deal of interest in San Francisco and there will be considerable money bet on the result.

## COLLEGE MEN WILL SHOOT.

Juniors who did not attend the junior shoot in November will be given an opportunity to shoot on Saturday, February 6, at Shell Mound Park. All junior cadets who have not had their required scores must do so at this time. The range will be open from 9 a. m. to 3 p. m. Trains stop at Shell Mound station between 9 a. m. and 2 p. m. Other trains stop at Golden Gate. None but juniors will take part in the shoot. Try-outs for rifle team begins February 13.

That California is one of the leading states in the Union for producing high-class, fancy poultry, was demonstrated at the poultry exhibition given by the National Poultry and Breeders Association at Chicago, now in progress. A breeder from California sent an exhibit of brown and white leghorns and was awarded some of the highest premiums after the birds had traveled 3000 miles. Competition was the strongest ever seen in America, nearly every state in the Union being represented.

## MUSA BRYAN TAKES EXCEPTION.

Musa Bryan, the colored pugilist who makes his home in West Oakland, has taken exception to the remarks that are credited to Ed Cayron to the effect that the latter would "knock Bryan's head off" the next time they met. Bryan wants it known that he stands ready to have his head "knocked off" any time that Cayron is ready to perform the operation. Cayron and Bryan met before the West Oakland Athletic Club in a four-round bout some time ago and Cayron won the decision. Since then it is stated that Cayron has made the remark that he "would knock Bryan's head off" the next time they met. Bryan wants it understood that Cayron is not capable of doing it and is willing to give Cayron the opportunity at any time and place.
